

Context project:	Programming Life						
Group:	3						
User Story	Task	Assigned To	Estimated effort (1-5)	Actual effort (in hours)	Done	Done by	Actual outcome
<i>Stakeholders need to have a clear understanding of what is going to be developed</i>	Create the final version of the product vision document	All (Tom)	1				
<i>Stakeholders and developers need to have a clear understanding of the roadmap of development</i>	Create a draft for the product planning document	All (Boris)	4				
<i>Users need to have a clear visual representation of the genome data in a graph</i>	Create a linear representation of the graph	Sam/Mathieu	4				
	Combining of nodes	Sam/Mathieu	4				
	Removing of dead edges	Sam	1				
	Bind the scrollbar to the currently displayed part of the genome	Sam/Mathieu	3				
<i>Users need to have an overhead view of all data in the graph</i>	Create a scrollbar and allow selection of a part	Kasper	3				
	Mapping of graph to scrollbar	Kasper	2				
<i>Users need to have a way to see which segments of data map to genes</i>	Colour the parts of the genome that map to genes	Boris/Tom	2				
	Inspect and retrieve data of genes	Boris/Tom	2				
	Parse the data and link it to our data	Boris/Tom	5				
<i>Users need to be able to zoom in a meaningful way</i>	Sketch different zoom levels	Kasper	2				
<i>Users need to be able to use the screen real estate in an efficient way</i>	Make sidebar collapsable	Kasper	1
